UNDERTAKE PROJECT SPONSORED by Matsuyama City
Organizer:
MATSUYAMASHI SEISHONEN IKUSEI SHIMINKAIGI
Collaborator:
NPO Sophia Club

I want to overcome the barriers when meeting people from abroad.
I want to obtain English skills for the future.
This Camp is exactly for what such junior high students need!

We are seeking participants of this project!!

The Camp aims to give some opportunities for students to be more active in learning English through knowing the enjoyment of communication in English and mingling with foreign participants. To make the similar scene as they are studying abroad, we are recruiting the same number of foreigners as that of the students.
